

Benjamin Kent Jehl

Full Stack Web Developer

MY BACKGROUND

In my former career, on the sales side of the financial industry, I regularly met with clients in an effort to expand the business and bring in assets and loan dollars. I led some educational workshops and would regularly help coach my peers. I have followed my passion of the Tech Industry and have obtained the skills necessary to work as a Full Stack Web Developer.

MY JOB SKILLS

- React
- Ruby
- Rails
- JavaScript
- Phaser
- CSS
- HTML
- Blogging
- Public Speaking
